Our Programs

Infant Program

We provide our littlest munchkins with a quiet, serene atmosphere where they can play and learn and just be babies! We have separate play and nap rooms, allowing for a more relaxed, peaceful rest period. Our infants get to run the show in their class room, eating and sleeping on demand. Our high quality staff develop relationships with your baby, fostering optimal learning. They will play with colors, numbers and shapes, sing songs and look at books. All this along with the typical holding, cuddling and cooing that take place all day long. Our infant program is top-notch!

Toddlers Program

Toddlers are naturally curious and eager little learners. Their brains are like sponges, absorbing all the knowledge they can, so each day in our toddler program is filled with learning activities disguised as FUN! Our learning experiences are designed to promote a toddler's blossoming independence, develop their social skills and foster self-confidence. They have daily circle time, arts & crafts, stories, songs, dancing, and lots and lots of POTTY TRAINING!!! Yes, that's right... learning to use the potty is an important life skill essential to developing independence, and we are PRO's at partnering with you on this. We also work with your child on small motor skills such as holding crayons/pencils and cutting with scissors as well as the basic abc's and 123's of any preschool class!

Preschool Program

Our Preschool group is focused on school readiness. We focus on enhancing your child's confidence and independence by providing activities to help them become problem solvers and lifelong learners. Social skills are developed and nurtured as your preschooler is learning how to be a good friend. Classroom jobs introduce the concepts of responsibility and dependability to your child. (While we prefer children to be potty trained for pre-school, we will help your child continue to master this skill if needed.)

Free Snack Program

All snacks are provided to all enrolled children at no extra cost. We participate with the USDA's Child and Adult Care Food Program (CACFP) and follow their guidelines for child nutrition. **we do not provide infant formula*

Parent Communication App

Our teachers communicate your child's daily activities with you through our Brightwheel app. Diapers, bottles, meals, naps and activities are all entered, as well as reminders for supplies and upcoming events!! Always know what happened in your child's day!

Secure Entry System

ONLY authorized persons are able to enter the building by using their pin number in our secure entry system. Any unknown person MUST ring the bell for entry by staff, ensuring our Joyful Hearts safety every day!

Outdoor Play Area

Our play area features a garden, water and sand table, trampoline and lots more natural elements that draw children in to explore, experiment and build upon to extend upon their learning experiences.

The Difference is Clear!

Testimonials...

*Joyful Hearts has been a Godsend! As first time parents giving birth during a global pandemic, to say we have been nervous wrecks is an understatement! However, Ms. Ninma and her staff have made us feel so secure in their care of our son. Not only do they maintain a top notch level of cleanliness, but they love on him as much as any family member would! Definitely would recommend this center to any family!- **Jae, Zay's mom***

*AMAZING place! My daughter has blossomed since attending Joyful Hearts. The curriculum is well balanced and is filled with projects that makes learning enjoyable. The staff goes above and beyond to support me as a parent as well. My husband and I could not be happier with our decision to place her in this program. If you are looking for a loving and safe environment for your little one....look no further.- **Yaya's mom***
